

SPECIFICATIONS

DIMENSION & WEIGHT			
	1.6 GT		1.6 GT-S
Length / Width (mm)	4,690 / 1,780		
Height (mm)	1,485	1,490	
Wheelbase (mm)	2,650		
Tyre Size	215 / 50 R17		225 / 45 R18
Kerb Weight (Kg)	1,531	1,551	
Ground Clearance (mm)	130	135	
ENGINE			
Type	Horizontally-Opposed, 4 Cylinder, DOHC 16 Valve, Turbocharged Petrol Engine		
Displacement (cc)	1,600		
Power (PS / rpm)	170 / 4,800 - 5,600		
Torque (Nm / rpm)	250 / 1,800 - 4,800		
Fuel Tank Capacity (L)	60		
CHASSIS & SUSPENSION			
Transmission Type	Lineartronic CVT		
Brakes (Front / Rear)	Ventilated Disc Brakes / Ventilated Disc Brakes		
Suspension (Front / Rear)	MacPherson Strut, Lower L-Arms, Stabiliser Bar / Double Wishbone, Stabiliser Bar		
EXTERIOR			
LED Headlamps with Auto Leveliser	Headlamp Washers	Shark Fin Antenna	
Front and Rear Fog Lamps	Roof Spoiler	Twin Tail Muffler	
SAFETY			
SRS Front, Side, Curtain Airbags	SRS Knee Airbags	Side Door Reinforcement Beams	Brake Assist
Safety Pedal System	ISO-FIX Adapted Child Seat Anchors	4-Sensor / 4-Channel ABS with Electronic Brake-Force Distribution	Brake Override
Vehicle Dynamics Control System (VDC)	Engine Immobiliser	Active Torque Vectoring	Emergency Brake Hazard Lamp
FUNCTIONALITY & CONVENIENCE			
SI Drive	Idling Stop System (ISS)	High Grade Info Display Meter	Touch Screen Multi Function Display
Voice Recognition Command	Multi Function Steering Wheel with Cruise Control	Rain Sensing Wipers	Auto Headlamps
Dual-Zone Automatic Air-Conditioning	Paddle Shift	Audio System with Speakers	Bluetooth Compatible Hands-Free System
USB and Auxillary Audio Input Jack	Rear View Camera	Tilt-Adjustable / Telescopic Steering Wheel	One Touch Turn Signal
60 / 40 Split Folding Rear Seats	Rear Seat Center Armrest	Electronic Parking Brake	PIN Code Access
Smart Entry and Push Start Button			
ADVANCE PACKAGE			
High Beam Assist	Lane Change Assist	Blind Spot Detection	Rear Cross Traffic Alert

Specification data and model lineup may vary according to market.

THE ALL-NEW LEVORG
ENDLESS POSSIBILITIES

PRODUCT FEATURES

A SI-Drive

Subaru's Intelligent Drive (SI-Drive) allows a selection of engine characteristics according to the driver's style, expectations and situations. SI-Drive has two distinctive functions: Intelligent for smoother acceleration and efficient operation, and Sport for enhanced power and acceleration.

B High Beam Assist (HBA)

High Beam Assist increases visibility and safety when driving at night by toggling the Levorg's high beams on and off automatically, depending on driving conditions.

Not available in Cambodia
Not available for GT model in Taiwan, Philippines and Vietnam

C Multi-touch Infotainment System

Using the touchscreen is an easy way to select your music, just as you would on your smartphone. Simply connect your smartphone or the USB port, and you can choose your music right on the touchscreen.

7" Infotainment System for Levorg GT-S (except Hong Kong)
6.2" Infotainment System for Levorg GT

D Flexible and Functional Cargo Space

The Levorg is built for people with full lives, that's why the cargo space is versatile and flexible enough for all the activities, passions, sports and interests you live for. What's more, beneath the main cargo area, you can use the sub-trunk to store delicate items for safe transport inside the portioned space.

SAFETY

H Subaru Rear Vehicle Detection

The Subaru Rear Vehicle Detection (SRVD) uses sensors placed around the vehicle to alert you of vehicles near blind spots for safer lane changes and warn drivers of potential dangers when driving in reverse.

This feature is only available for GT-S model in Taiwan, Philippines and Vietnam

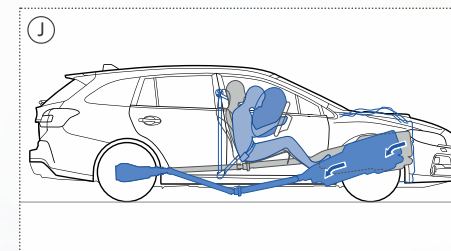

I Ring-Shaped Reinforcement Frames

This is like a shroud of safety, built into the passenger cabin's roof, doors, pillars and floor. The design helps divert and dissipate impact energy away from the occupants in a collision by use of high-strength yet lightweight materials, which are strategically placed. Keeping you and your passengers safe and secure.

J Break-Away Engine

Subaru's emphasis on safety requires innovative thinking, and the Levorg is no different. Its frame and chassis were designed to help the Boxer engine and gearbox move safely beneath the vehicle during a head-on collision, rather than intruding into the cabin. It's yet another feature that gives you peace of mind while driving.

ALL-AROUND
SAFETY

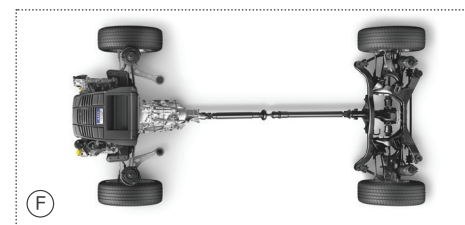

TECHNOLOGY

E

E 1.6-Litre Direct Injection Turbo (DIT) Boxer Engine

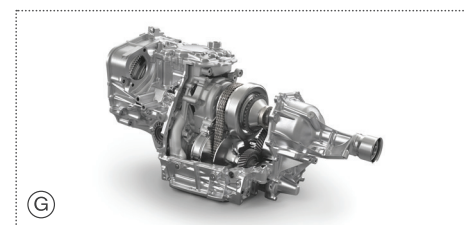

The newest member of the Boxer engine family, the 1.6-litre DIT Boxer engine achieves an ideal balance between efficiency, powerful performance, and low emissions. Utilising both direct fuel injection with a twin-scroll turbocharger results in more power and decreased petrol consumption.

F

F Symmetrical All-Wheel Drive (AWD)

When road conditions are demanding, the Symmetrical AWD system delivers control and composure where other vehicles stumble by evenly distributing power to all four wheels. The benefits are immediately apparent - more controlled cornering, better traction in slippery conditions and enhanced acceleration. Driving becomes easier and more enjoyable.

G

G Lineartronic CVT

The Levorg is fitted with the responsive Lineartronic Continuously Variable Transmission (CVT). Unlike conventional automatic transmissions, it infinitely uses variable gear ratios to stay in the correct rev-range at all times, for smooth acceleration and enhanced efficiency.
